

CASTORIA

for Infants and Children.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain, and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrup," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. Castoria does not contain narcotics.

The signature of *Dr. H. H. Fletcher* guarantees genuine Castoria. Physicians Recommend Castoria.

"I have frequently prescribed Castoria for common ailments of children with good results." W. A. CRANFALL, M. D., Buffalo, N. Y.

"I find your Castoria is very beneficial in the treatment of children's ailments." F. DAVIS, M. D., Chicago, Ill.

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home." Wm. J. McCRACKEN, M. D., Omaha, Neb.

"I object to what are called patent medicines, where maker alone knows what stuff is put in them, but I know the formula of your Castoria and advise its use in proper cases. I judge it to be a very useful, as well as harmless, family medicine." N. B. SIZEN, M. D., Brooklyn, N. Y.

HOUSE REGULARS STILL HANG ON

WASHINGTON, D. C., Mar. 23.—The Republicans in the House canceled today to select members of the new rules committee under the plan carried by the insurgents and Democrats, and the caucus resulted in an endorsement of the old committee. John Dalzell of Pennsylvania, who with Speaker Cannon was recognized as the controller of the old committee, and one of the staunchest regulars in the party, was named for the new committee first, and Walter I. Smith of Iowa, another member of the old committee and out-and-out regular, was also chosen. J. Stuart Fassett of New York, George P. Lawrence of Massachusetts, Henry S. Boutell of Illinois, and Sylvester C. Smith of California were the other members chosen by the caucus. At a meeting earlier in the day, Nicholas Longworth and Julius Kahn of California were the selections, but Boutell and Smith were substituted for them in caucus.

The committee is one of regulars, and there is some question as to whether it will be approved by the House. Dalzell is specially obnoxious to the insurgent Republicans, and there is a chance that they will again join the Democrats and carry on the fight against him and the rules he is expected to continue to support if chairman of the new committee.

SLICELY AGAIN BEING SHAKEN.
MESSINA, Mar. 23.—A series of severe earthquake shocks have caused great panic here. Practically no damage has been done, but the inhabitants of the city, remembering their terrible experiences in the last great earthquake, were terrorized. There have been twenty shocks of varying severity, and the population of the city is in a condition of painful excitement.

ARMY AND NAVY UNIFORM RESPECT.
WASHINGTON, D. C., Mar. 23.—The bill to make it a penal offense for managers of places of amusement to discriminate against American soldiers or sailors in uniform passed the House today. It provides a penalty of \$1000 fine and two years' imprisonment for any proprietor of a theater or any other place of public amusement who refuses admission to American soldiers or sailors. The bill was drafted as a result of certain incidents in Eastern cities, where soldiers and sailors were given the cold shoulder when they applied in uniform for seats.

LABOR FEDERATION WILL WAIT.
WILKESBARRE, Penn., Mar. 23.—The State federation of labor tonight finally decided against a State-wide strike of union labor as a means of aiding the Philadelphia street-car strikers. The federation had under consideration a plan to call out all the union labor in the entire State of Pennsylvania, in the hope of coercing the Philadelphia employers. It was decided tonight, after a lengthy discussion, that the time was not opportune for such a move.

ROOSEVELT MUM ON PINCHOT.
LUXOR, Mar. 23.—Ex-President Roosevelt was asked today regarding the report that Gifford Pinchot's trip to Europe was at his invitation, in order that Roosevelt and Pinchot might have a conference before the former returns to America. Roosevelt declined to discuss Pinchot's trip in any way.

POULTRY TRUST MEN INDICTED.
NEW YORK, Mar. 23.—A blanket indictment, naming ninety defendants, was returned today against members of the poultry trust.

COLONEL HOYT PROMOTED.
WASHINGTON, D. C., Mar. 23.—Col. Hoyt has been made a brigadier-general.

EEVY FINE FOR SELLING BEER

Inspector Fennell had a liquor-selling case in court this morning, and after all the evidence was heard Judge Andrade found the accused woman guilty and fined her \$100 and costs.

It appears that the woman, Cruzeda Perez, invited a couple of soldiers to visit her home, and then produced beer at fifty cents a throw. After an enjoyable afternoon, during which there was much singing and imbibing, one of the soldiers found that his coat was missing. He could find no trace of the article and therefore paid a visit to Chief McDuffie, to whom he told his troubles. Fennell happened to be present in McDuffie's office, and as soon as he heard the magic word "beer," he got deeply interested in the tale.

After hearing the soldier's story, Fennell decided to proceed against the woman, who was alleged to have bought beer at fifteen cents and retailed it at half a dollar. Attorney Straus appeared for the amateur saloonkeeper this morning, and on hearing the verdict at once appealed the case. A second charge has been laid against the same woman for selling liquor to another soldier, and the case will come up next week.

POLICE OFFICER IN ROUGH HOUSE

Police Officer Machado had an exciting time down at Kakaako last night, when he became mixed up in a row with two Hawaiians. It appears that the two men, Sol. Kuna and George Hanohu, were making night hideouts with their singing and yelling, and the neighbors complained to Machado.

The officer went into the room where the two roustabouts were, and advised them to go to sleep. This did not suit the couple, and at once one of them turned on the policeman and caught him by the arms. The other man then grabbed an iron bucket and tried his best to brain Machado.

The officer, however, put up a good struggle, and in the third round managed to get one of the men handcuffed and then the other was easily overpowered. The men said in court this morning that they did not remember anything about the matter as they were drunk. Judge Andrade found both guilty and fined Sol. \$5, while Hanohu had to dig up \$10.
